

DataOn HRO

changing the way HR works

Why Outsource

Flexibility. Cost-Reduction. Quality.

- Leverage the knowledge & experience of an expert,
- Save time & headache in administrative processes,
- Reduce overhead costs & improve employee service,
- Combine better process flows with always state-of-the-art technology.

Our Approach

Experience. Award-winning Technology. Best Service Level.

- High level of expertise in the HR and Payroll software business puts DataOn in a unique position to match client needs to the right technical solution and service level.
- Best-practice processes, web-based technologies for workflow, employee self-service and management analyzing tools equal significant efficiency improvements in your HR administration, better employee service quality and HR cost control.
- HR departments can focus on the business aspect of their job while DataOn manages their bottom-line costs & daily administrative tasks.

Our Outsourcing Services

Employee Info. Payroll. Attendance. Reimbursement. Analysis & Reports.

- DataOn provides fully managed Payroll Services to clients that range in size from 20 to 10,000 employees.
- We maximize functionality, processes and automation to protect client investment in the underlying technology.
- Our fully managed services reach from payroll administration to tax reporting, expense calculation, attendance recording, to employee and manager advice lines.

Your Benefits

Better. - Faster. - Cheaper.

In today's competitive environment we strive to help our clients to achieve the best results – cheaper, faster and better than the competition.

Reduced Costs in HR Processing

DataOn consolidates processing and uses an advanced software technology for providing payroll, HR, and tax services resulting in lower total costs of ownership and a positive ROI. Our 7 years experience in HR and Payroll allow you to redeploy resources to more important strategic tasks.

IT Procurement and Management Savings

Utilizing DataOn's extensive investment in software, knowledge & people saves you costs in 2 ways:

1. By avoiding the costs of searching the right technology;
2. By reducing the risks of technological obsolescence as keeping up with rapid changes in software & standards lies with the provider.

Comprehensive Reporting & Improved Analysis

Self-service interfaces for managers and employees provide comprehensive reports, online statistics and real-time analysis any time as needed. As executives and employees are always well-informed HR comes closer to being a strategic partner of your organization.

Transparency & Accountability

As single vendor providing software, hosting, HR, payroll, and tax processing DataOn services are transparent and accountable, including the responsibility for resolving inquiries and handling questions.

Overall Benefits

- Freedom from administrative tasks;
- Business Intelligence and metrics to understand more about the workforce;
- Tools to assess what is causing workforce issues;
- Time to set strategies and policies to optimize workforce performance.
